

Distinct Success was developed to provide you with access to valuable resources for your success.

When we were very young, we all had very active imaginations and felt that we could do anything and be anything we desired. As part of those dreams, 90% of us imagined ourselves doing great things with our lives that also benefited others that we felt were less fortunate. As we got older and started to get a good look at our environment and the society we were a part of, we simply started losing faith in our ability to accomplish what we once dreamed of doing. As we lost our belief in our dreams, we started to settle for less, lower our expectations, and ended up settling for the cards that life dealt us. Distinct Success offers valuable tools to help you live the life you "deserve" and not the life you have "settled" for!

We sincerely want to help you accomplish anything you desire in life.

Please take the time to read all of the information contained in this brochure. We have something here that will help anyone reading get a step closer to living the life they dreamed of when they were younger and had a very active imagination. Distinct Success offers you the ability to "dream again", stop "settling" and really start to live as you deserve.

From our hearts, we thank you for taking "time" out of your now busy schedule to take a look at our information. We truly know how valuable your "time" is especially since you are more than likely still living by the conventional means that society has imposed on you.

The International Association of Benefits (IAB) is a 24 year old non profit association that recognizes the fact that we are in a healthcare crisis. IAB has U.S. Presidential recognition for the work it is doing to help the half of America that is living with health and dental insurance.

Please take time to read the letters of recognition available on the history tab on the IAB website. If you or anyone that you know is living without health and dental insurance for any of the following reasons. They are not qualified for health and dental insurance because of an existing condition. Their job doesn't offer health and dental insurance. Their job offers health and dental insurance but it is too expensive for them to afford. Their job offers benefits for the primary only and it's too expensive to add their families. The quotes they have for traditional health and dental insurance are too high for them to afford or they simply refuse to pay the high premiums associated with traditional health and dental insurance.

IAB offers 6 plans that range from \$50.00 to \$250.00 per month that include the whole family. IAB offers a unique to the industry "Money Back Rewards Program" where you can receive up to 100% of your monthly dues refunded to you. The details are available on the website.
